

## Drop In Farm Acreage Due To Flood Waters

Practically \$118 Acres Covered By Water

According to Wm. Jeffries, supervisor-manager of the South Florida Conservancy District, within ten days or two weeks the district will be in fair shape and farming operations should begin on full scale at that time.

Jeffries states that no dikes were broke during the hurricane and none has given away to the avalanche of water pouring into the Glades Region from the country north and west of Belle Glade. Even though there were no dikes broken there is quite a bit of water standing on lands in the district and he stated that it will be ten days or two weeks before the water can be pumped off. A few farmers in the district, who have their own pumps, have been able to get their seed in the ground because they have been pumping daily.

At present there are approximately 30, 650 acres in the South Florida District with approximately 300 acres of the area devoted to ramie, 11,408 acres of rice, an approximate 2,000 acres to cattle and about 2,000 acres to citrus and towns. Provided there is very little rain and no district dike breaks approximately 15,942 acres will be available for planting within ten days or two weeks.

Harold Rosenberg, supervisor-manager of the Palmetto Water District, Pelican Lake Drainage District, East Beach Drainage District and East Shore Drainage District, states that within the next ten days there will be an approximate 21,200 acres in three of the districts. Aside from this 21,500 acres approximately 10,200 acres is devoted to sugar cane, with about 2,200 acres in ramie and cattle. This does not take in the areas taken up by towns in the districts. The Pelican Lake District is completely under water and Rosenberg stated that it would do very nicely for a frog farm or a duck pond.

Farming operations have started in three of the above districts and beans are reported up and more are breaking the ground where it is dry enough to plant. Two weeks from now, with the absence of rain, the should see the districts in good shape provided that dikes hold. The Island Drainage District is completely under water and operations of all kinds have been discontinued. Rosenberg states it takes for the water to subside. There is approximately 2,200 acres in the district and about 1,500 acres were available for farming before the hurricane.

Both Jeffries and Rosenberg stressed the fact that these figures are only approximate and in the event there is a great amount of rain or that any of the dikes break, the drainage districts will see a lot of water.

At present there is an approximate figure of 5,440 acres outside of the districts that is under individual pumps and farmers are planting everyday.

Under present conditions is approximately 42,882 acres available for farming as compared to the 51,000 acres available before the hurricane.

### Dr. John L. Leonard To Speak Here

Doctor John L. Leonard Superintendent of Public Inspection at the Everglades Reclamation Church Services next Sunday night at 8:00 P. M. Those who have heard Dr. Leonard will recall the fact that he is a great preacher, who is greatly appreciated by all.

### Chamber Changes Meeting Time For This Month

The Belle Glade Chamber of Commerce announces that the meeting night for the month of October has been changed to Tuesday night. The next regular meeting will be held at the Chamber of Commerce Building on the 7th, of October at 8:00 P. M.

## Water Still Rising; 2 1/2 To 3 Foot Level Anticipated Over Torry

At 4:30 Sunday afternoon the lake level was 19.25 at the Torry Island flood gates according to Solie Corbin, gate tender. Corbin stated that the lake was rising at the rate of 1-2 to 3-4 of an inch every 24 hours and will continue to rise until the lake reaches an anticipated level of 20.50.

The first week after the hurricane the lake rose one foot and has continued to rise ever since then due to the water pouring into the lake from the Kissimmee valley.

The waters of the lake will be high this winter especially when a cold spell hits this section with the customary northerly wind which always brings the water level up in the southeast end of the lake. Corbin stated that at approximately 2 A. M., the wind was blowing out of the north and had backed the water up in the end until it was approximately 18 inches over the road at his landing.

At a compass bearing to the east the lake is rising, on Thursday last week the level was only 18.50 and now it has risen to the level of 19.25. At present the water is approximately 19.25 where the Torry Island with only parts of the road left still above water. During the hurricane water covered the lake to a height of about 4 or 5 feet but blew out to the other end of the lake and the water level after the lake has reached its anticipated level the water will possibly cover the lake to a height of 2-1/2 to 3 feet.

## George Smathers To Be Guest Of Lions Club Next Week

At the regular meeting of the Lions Club this week it was announced that the Honorable George Smathers will be the guest of the club next week. In addition to having Senator Smathers as a guest the following week he will have Senator Howard as a guest the following week. Along with the invitation to invite the Business and Professional Women's Club to the meeting and Gene Rusting accepted the invitation in behalf of the Women's Club.

The Program Chairman, who is held the second and fourth Wednesdays of each month and the Program Chairman, who is held the second and fourth Wednesdays of each month and the Program Chairman, who is held the second and fourth Wednesdays of each month.

He stressed the fact that the city of Belle Glade should have a swimming pool as a means of recreation and to encourage swimming activities in the community.

### Co-Op Barbecue Will Be Held At A Later Date Due To Conditions

According to E. A. McCabe, acting manager for the Belle Glade Farmer's Co-Op, the barbecue that was to be held yesterday has been postponed due to the conditions resulting from the hurricane. All farmers are busy with water problems and the pastures where the gathering was to be held is occupied with potato raising. McCabe stated that the barbecue will be held at a later date and the time and date will be announced later.

### Handicapped Persons In This Area Interested In

The Belle Glade Chamber of Commerce announces that the meeting night for the month of October has been changed to Tuesday night. The next regular meeting will be held at the Chamber of Commerce Building on the 7th, of October at 8:00 P. M.

## Rams Win Over Stuart Tigers; Score 28 To 0

Play By Play Account Of Game Shows Power

Belle Glade High School's Golden Rams opened their 1947 football season with a win over the visiting Stuart Tigers. Approximately 2000 spectators gathered to see the Rams first game of the season but the majority were rained out at the beginning of the second half. The rain also caused the field and ball to be wet increasing the number of fumbles for both teams.

Coach Cooke states that his boys were in good shape for the game and that he is fairly satisfied with the game they played. He also stated that the Rams were very disappointed that they did not win more points but he is confident that his boys are going to win the game.

The game started with Stuart kicking and the Rams receiving. The kick was taken on the 22 yard line and returned to the Rams 40-40 where the ball was fumbled and Stuart recovered. Stuart's next four plays were very good and they then using the gain of yardage and putting out the field. The Rams were taken by Harrell on the 10 yard line and returned to the Rams. The Rams were penalized 5 yards for off sides which set the ball back to the Rams.

### Phone Company Uses New Apparatus For Aid In Repairing Lines

The Southern Bell Telephone Co. has in use two Army surplus trucks which have been equipped for use in places where lines are down and water is high. The trucks have been equipped with 1700 X 16 inch airplane tires and by way of a special frame regular old drums are used to hold the tires. The trucks together with the big wheels, are fitted with a drum in each deep water area. The primary purpose of the rig is to give the truck a better grip on mud and 2 or 3 feet deep so that the truck's weight will not bog it down. With the help of the drums the trucks are able to get through the mud or in the ground.

Crews working for the Telephone Company are using the trucks, with this special equipment, is capable of getting in and out of places that any other truck or vehicle would not get through.

Derreck mountings have been placed in front of the truck on the iron bar that holds the drums in place and the crews have used the portable derrick carried on the regular telephone trucks for raising lines and have been unable to get to otherwise.

### NEPH Week Will Start Oct. 5th.

M. A. Larimore of the Fla. Glades Farmer's Service, today, "National Empire Physical Handicapped week" and last through the 11th. This week is devoted to getting jobs for the handicapped and the President of the United States and the Governor of Florida endorsed the program.

There are 51 handicapped persons in this area which takes in South Bay, S. S. Engineers. These 51 persons are 4 are veterans, 6 are civilians and one is a woman. Handicapped persons are able to do some type of work and the State has set up schools in which to learn these people some trade or vocation.

GLAMOUR TEST—Radio Station WSWN was not without glamour during its extensive tests during the week. Here Boots Young, Grace Eggleston, and Norma Weeks add a touch of beauty to WSWN's antenna tests. The tower is located just off of the Country Club road near the lake.

## Road From Belle Glade To Pahokee Being Resurfaced

The John C. Dickinson Construction Company, of Lake-had, has the contract for resurfacing the Belle Glade-Pahokee road. The Construction Company has its own plant for the mixing of asphalt and sand that is being applied to the road at the present time. The plant is a mobile outfit mounted on wheels and it is stationed by the railroad tracks at Cardwell and the sand and asphalt is being brought in by railroad cars.

According to Bill Avery, foreman on the job, the surfacing of the road should be completed within 45 days. Avery stated that at the present time they are averaging approximately 1,365 feet a day on the road. The road is about 14 miles long and the average up to a quarter a mile.

After the retreat coat of sand and asphalt has been applied the top coat of the same material will be applied. The primary use of the retreat coat is to level the road so that the final coat may be applied with a minimum of grading and leveling. The top surface coat of sand and asphalt will be about 1-1/4 inches thick. Avery estimated that approximately 20,000 tons of sand will be used on the job.

The Engineer working with the Dickinson Construction Company is M. N. Pride, of the State Road Department.

### Water! Water! Where's The Water Control Says Kissimmee Valley Boys

The boys around Okeechobee, the Okeechobee Cutlers' Association, have realized that water uncontrolled can and does do a lot of damage, and by track, they're trying to do something about it.

Senator Pepper and Holland, Governor Caldwell, and as many lesser lights as can be assembled will be guests at Okeechobee on Monday, October 6th, to view the dead and dying cattle, in the morning beginning at 10 A. M. After a luncheon to be served at the Court House, a meeting will be held to go into the why's and how's of getting rid of excess water.

## RDB Spark Plugs Efforts To Secure Emergency Funds

The Executive Committee of the Board of Directors of the RDB meeting with its Water Control Committee, Tuesday afternoon passed a resolution asking the Everglades Board to apply for a \$150,000 loan from the Disaster Loan Corporation, a subsidiary of the RFC, with which to immediately begin work on the U. S. Engineers plan for Overall Water Control in the Glades.

The resolution further asked for work to be done on that part of the plan which will give most immediate relief from the present flooded conditions.

It also asked that the Governor and his Cabinet urge the application for the loan and to take steps to secure an early receipt of funds. The Committee feels, from reports of the attitude of members of the Cabinet, that the appeal will get the cooperation of that body. Such active support will greatly enhance the chances of securing the loan.

Other resolutions passed by the meeting ask for an additional emergency outlet from the Lake Okechobee for control of the lake level, and asked that present canals be used to discharge flood waters "without regard to navigation".

### Cattlemen To Meet Okeechobee Monday

A Cattlemen's meeting will be held Monday October 6 in Okeechobee at the Court House at 10 A. M., according to an announcement made by Iro Brunson, president of the Florida State Cattlemen's Association. This meeting is called by the Cattlemen's Association due to the flooded conditions in the Glades, and E. M. Vandelandham, president of the Red Cross County Association states that it is very important that the local cattlemen attend.

There will be an election Tuesday, October 7th, which will affect the voters of Palm Beach County, their first opportunity to vote for OVERALL WATER CONTROL, as suggested by the U. S. Engineers.

## Red Cross Still Giving Aid To Needy In This Area

Families who have applied for rehabilitation assistance from the Red Cross as a result of the hurricane floods were assured today by Elmer C. Bryant, state disaster director for the organization's Florida headquarters, that their cases will be acted upon with all possible speed to avoid undue hardship upon the applicants.

Applications for aid still are being taken during morning hours at disaster headquarters set up in Belle Glade, South Bay, Lake Harbor, Pahokee, and Canal Point.

"We've been trying to meet all emergency needs at they are being known at the registration stations, whether for food or clothing, or temporary shelter until roofs can be repaired or an emergency underpinning made," Bryant said. "Requests of a less urgent nature, he pointed out, are being handled by Red Cross workers, and awards will be made on these just as soon as the requests can be reviewed by an advisory committee of local residents who have been named to help in evaluating the needs of applicants for Red Cross assistance."

Additional caseworkers were brought into the Florida hurricane area this week to speed the verifications.

### First Opportunity To Vote For Over-All Water Control Is In Tuesday's County Wide Election

There will be an election Tuesday, October 7th, which will affect the voters of Palm Beach County, their first opportunity to vote for OVERALL WATER CONTROL, as suggested by the U. S. Engineers.

A part of the plan is the designation of water conservation areas in Palm Beach, Broward, and Dade Counties. These areas will be used to store excess waters for use in dry periods and to prevent the disappearance of our soils.

## Radio Station WSWN Will Start With A Dedictory Program Sunday, Oct. 5

Public Service Is Keynote Of Station's Programs Week Of October Fifth

Radio Station WSWN, after four months of construction during which old-timers have turned up the most delicious summer we remember," takes the air with a dedicatory program from the stage of the Everglades Theatre at 1:30 Sunday afternoon.

The Second Broadcasting Company received permission from the Federal Communications Commission on April 17th, to construct the 1,000-watt broadcast station in Belle Glade, and Tom Watson, Jr., President of the company, arrived here early in June to begin work. This week equipment tests are under way according to Watson everything will be in readiness for the Sunday broadcast.

WSWN, with enough power to carry a primary signal into Miami, will serve the entire Everglades from 5:45 A. M. to sundown daily. The station's coverage area includes the Lake Okechobee-Everglades region as far west as Fort Myers, and the East Coast from north of Fort Pierce, Miss., according to graphs prepared by consulting engineers in Washington. Present plans call for a broadcast of 900 kilowatts, the center of your radio dial.

Emergency in charge during the tedious job of installing the station's complicated equipment was Conrad S. Clemens, who will remain here as Chief Engineer, a member of the station's engineering staff.

A number of local people will be in charge of the station during the week. The station begins operation. Mrs. Nellie Howe will be in charge of the station during the week. The station will be in charge of the station during the week. The station will be in charge of the station during the week.

Representatives of the Labor Union, the USDA, and the Florida Vegetable Committee for eight migratory labor camps in the State of Florida.

### Local Authorities Given Use Permits On All Labor Camps

Representatives of the Labor Union, the USDA, and the Florida Vegetable Committee for eight migratory labor camps in the State of Florida. These permits are to be transferred to local groups in the communities in which they are located for operation pending a decision by the Secretary of Agriculture on price, terms and conditions of their sale in accordance with a bill passed in the closing hours of the last Congress.

Five of these camps are located in the Glades three in the Palmetto-Canal Point area and two in the Belle Glade South Bay area. Application has been made to the USDA for these camps by the Florida Vegetable Committee on behalf of the local group for the sum of \$100 each, on the theory that they were built by taxpayers for the benefit of the farmers and that in order to keep them operating at rentals in line they should be given outright for the benefit of the entire community.

### OBSERVATION and Comment

By John M. Gledhill

Talk about Minnie Men at the Battle of Concord coming to the defense of their land, the British invaders. That spirit developed in the Belle Glade area over the week end, when hundreds of citizens became minute men in order to save the auxiliary dikes to the east and northeast of the lake. They manned, loaded, and fired their guns, and many motor boats landed to carry the operation. The state prisoners also worked together with the local citizens to save the most threatened areas which faced them. They never.

tend a two weeks meeting of the Church in Akron, Ohio, before joining Mrs. King in Hopkinsville, Kentucky where they will visit relatives.

Miss Valerie Crawley of the high school staff spent last week and in Ft. Lauderdale with her parents.

Mr. and Mrs. Harry Shannon, who have recently moved back to their home in Iowa, wrote that they are now working at Klauer Manufacturing Company and will travel over north and western Iowa and southern Minnesota.

Miss Ava Nell Earnest spent last weekend in Lake Harlow as the guest of Miss Cloyce Lee.

Mrs. Luther Jones and son, Luther Jr., have returned from Atlanta where they attended the wedding of her niece, Miss LaTree Ems to Fletchier Westbrook Griffin, Jr., on September 13, and Miss Anne Hoxington to Robert Mathias on September 25. Both weddings were at St. Ponce de Leon Baptist Church in Atlanta.

WOMAN'S CLUB HONORS PAST PRESIDENTS AT TEA

The Woman's Club began their season with the first meeting an informal tea honoring their past presidents. This was held Wednesday afternoon at the home of Mrs. J. F. Truette, Mrs. W. B. Granger, Mrs. A. B. Bell, Mrs. Nell Bell, Mrs. R. E. Freeman, Mrs. H. D. Beck, Mrs. M. L. Campbell, Mrs. J. I. Freeland, Mrs. J. E. E. class of the First Baptist Church will hold their quarterly covered dish dinner Monday evening at 7:30 P. M. at the home of Mrs. H. O. Earwood.

At this meeting, Mrs. Earwood will present a report of the past year's work. All members are urged to be present and asked to bring a prospective member.

W.S.C.S. TO MEET WEDNESDAY AFTERNOON

The W.S.C.S. of the Community Methodist Church will meet Wednesday afternoon Oct. 3, at 3 P. M. at the church. Mrs. William Guigand's circle will have charge.

Each member is reminded to bring new articles to be sent with the box to the adopted minister in Czechoslovakia.

"BUTCH" FLEMING HONORED ON BIRTHDAY

Sam Fleming, Jr., an employee of the city, was entertained Friday evening at his home with a party given by his mother, Mrs. Bea Fleming, honoring his seventh birthday. Games were enjoyed indoors by the guests after which a birthday cake was cut and served with ice cream by the hostess. The cake was adorned with small cups of candy were also served, and each guest received a favor. Group pictures were made around the refreshment table.

The invited were Billy Puckett, Bill VanLandingham, Charles Hayes, Billy Raoul, Billy T. Forsey, Jay Freeman, Billy Schoenfeld, and Billy Burr.

LYONS HONORED AT EASTERN STAR PARTY

The Order of Eastern Star gave a party Wednesday evening Sept. 24th, at the Carpenter's Hall as a farewell gesture to Mrs. J. W. Lyons and also in celebration of her birthday. The Lyons left this week for Douglas, Arizona where they will make their home. She is Associate Patron, and the Grand Instructioner of the local Chapter.

A feature of the program was a wishing well in which each guest dropped a sealed note with personal good wishes to the couple while Mrs. Lyons, who was the guest of honor, read the notes were not to be opened until they reach their new home.

Gifts from the Chapter were presented by Mrs. Ruby Bailey to Mrs. Lyons and by Mrs. Gladys Williams to Mr. Lyons. The program committee was composed of Mrs. Anita Lee Maynard and Mrs. Edythe Murray.

Mrs. Sally Stein, Mrs. Martha Freeman, and Mrs. James Veal were in charge of refreshments and a beautiful three layer white and green birthday cake topped with candles was served with coffee.

The Garden Club will hold its first meeting of this season Thursday afternoon at the Community Club House at 3 o'clock. Members are to bring plants for a plant exchange which will be conducted, and plans for the year's program will be formulated.

McWhorter, Mrs. Ben Robertson, Mrs. H. C. VanLandingham, and Mrs. Jack Ballard. Other members present were Mrs. Susan Council, Mrs. E. A. McCabe, Mrs. I. L. Price, Mrs. E. H. Borchardt, Mrs. Frank Harris, Mrs. Karl Campbell, Mrs. Bea Fleming, Mrs. Thomas Brezger, Mrs. Jas. C. Hoffman, Mrs. R. A. Harris, Mrs. E. M. VanLandingham, Mrs. W. C. Banford, Mrs. C. C. Coker, Mrs. Lee Puckett, Mrs. I. E. Enlow, Mrs. Harold Rabin, Mrs. H. V. Dray, Mrs. G. R. Townsend, and Mrs. R. L. Murray.

YOUTH FELLOWSHIP HOLDS ELECTIONS

At recent meeting of the Youth Fellowship of the Community Methodist Church, officers were elected to serve for the year 1947-48.

New officers taking office for the year are: President, Robert Klueh, Vice-President, Robert Klueh, Secretary, Betty Jean Harris, Treasurer, Marianne Womack, Commission Chairman, Worship and Evangelism, Barbara Wedgeworth, Community Service, Jackie Royce, World Friendship, Billy Mathis; Recreation, Buster Dray.

Officers elected for the Senior Class are: President, Albert Steves; Vice-President, Geraldine Dray; Secretary, Jean LeFebvre; Treasurer, Jean LeFebvre; Commission Chairman, Worship, Grace Eggleston; Community Service, Howard Hill; World Friendship, John Brezger; and Recreation, Kenneth Harris.

T. E. L. CLASS TO HAVE DINNER

The T. E. L. class of the First Baptist Church will hold their quarterly covered dish dinner Monday evening at 7:30 P. M. at the home of Mrs. H. O. Earwood.

At this meeting, Mrs. Earwood will present a report of the past year's work. All members are urged to be present and asked to bring a prospective member.

W.S.C.S. TO MEET WEDNESDAY AFTERNOON

The W.S.C.S. of the Community Methodist Church will meet Wednesday afternoon Oct. 3, at 3 P. M. at the church. Mrs. William Guigand's circle will have charge.

Each member is reminded to bring new articles to be sent with the box to the adopted minister in Czechoslovakia.

## BPW Club Plans For Bosses Banquet

Final plans for the banquet that the members are giving in honor of their bosses at the Cleveiston Inn Monday evening, October 6, were formulated at the luncheon meeting of the Business and Professional Women's Club Tuesday noon Friday night.

Dr. E. C. Nance, President of the University of Tampa is to be the guest speaker, and in order to give everyone interested an opportunity to hear this outstanding program, they are invited to attend. Reservations must be made by eleven o'clock Saturday morning with Mary Pope, phone 39-4, or phone 123.

The charge will be \$1.75 per person, and the hour 7:30 P. M. A representative from the Club will make the above announcement before all civic clubs this week.

Reports were given by the committee chairmen present and it was announced that the membership party was postponed due to the hurricane and also the children's theatre.

It was unanimously voted to invite to the banquet Mrs. E. C. Nance, members of the Disaster and Relief Committee, offering assistance in the relief work in obtaining machinery from the Government for use on the flood and flood farm lands.

Inez Greene was appointed publicity chairman and the charge of Club scrapbook. Appointments by the State President, Sara Crech, were made that Florence Crech will serve for the balance of the year as state editor for the club's magazine, "The Florida Business Woman". Mary Fay as assistant editor, and Mary Pope assistant advertising manager.

The first issue of the local Club's monthly paper was published and distributed this week, and was edited by Audrey Jones.

After attending the luncheon were Ruth Barr, Anna Kelley, Mildred Larrick, Ruth Peckles, Gene Rudolph, Rachel Weston, Mary Ann Arnold, Dorothy Simmons, and Virginia Roemer.

BIRTH ANNOUNCEMENT

Mr. and Mrs. George Benson announce the birth of a son on September 26 at the Good Samaritan Hospital in West Palm Beach. He has been named George Jonathan.

BIBLE QUESTIONS ANSWERED BY "VOICE OF PROPHECY"

Question—When does God reward men—here or hereafter?

Answer—In the Bible, Matthew 16:27: "For the Son of man shall sit in the throne of His Father with His angels; and then He shall reward every man according to his works."

Q—Was there a city called Babel?

A—Yes, Babel was still a city in the days of Noah. Several centuries later it was completely destroyed and today it is a desolation.

Q—Do you not believe that those strange animals mentioned in the seventh chapter of Daniel are new species that will be developed by science?

A—No, they are not literal animals at all but symbols of great world powers. Daniel 7:23 says: "The fourth beast was the fourth kingdom upon earth." The first beast was the first kingdom, the second, Media; the third, Greece; and the fourth, Rome.

Q—Will not Christ's coming be a sign of good?

A—The New Testament says: "For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trumpet of God, and the Lord himself shall be with us, and we shall be with the Lord. Wherefore comfort one another with these words." 1 Thessalonians 4:13-18.

Q—In Mark 13:31 It says that Heaven and earth shall pass away? I don't see where the right words will go if Heaven is destroyed along with this world.

A—There is no cause for alarm. It is the atmosphere of heaven that will pass away at the day of the Lord. The apostle Peter describes it as a great explosion. "But the day of the Lord will come as a thief in the night, in the which the heavens shall pass away with a great noise, and the elements shall melt with fervent heat, the earth also and the works that are therein shall be burned up." 2 Peter 3:10.

And then he adds: "Nevertheless, we according to His promise, look for new heavens and a new earth, wherein dwelleth righteousness." 2 Peter 3:13.

Ed. Note: Address your questions to THE BIBLE QUESTION COLUMN, The Voice of Prophecy, Box 55, Los Angeles 25, Calif. Bible questions of general interest will be answered in this column on space permits.

## School News

By Betty Lou Powell

Football Dance  
The Pop Club sponsored a football dance in the gym following the football game Friday night. It was a success despite the rain. Quite a crowd attended and seemed to enjoy it immensely though the weather was a little wet. It lasted until around midnight.

Junior Class Meeting  
The Junior class met Tuesday during sixth period in room 12 with sponsors Mr. Dixon, Miss Frances Ledbetter, and Mrs. Harold Litchfield for the purpose of electing officers. A nominating committee of the following five was elected at the previous meeting to nominate officers and as follows: Barbara Hayman, James Lloyd, Lloyd, and Helen Prevatt. They selected twelve students whom they thought would make good officers and the rest of the class was to meet officers on the following twelve: Billy Joe Leathers, Barbara Hayman, Geraldine Dray, James Layfield, Judson Lloyd, Willis Warren, Betty Lou Powell, Bill Brown, Kenneth Benson, Livingston, Lorch, Thomas, Jerry Cone. There was not enough time however to elect officers so they will be elected later on during the week. It was decided at a previous meeting that the Junior and Seniors would be in charge of the concession booth during the football games and four Juniors and four Seniors would run it. The money will be divided and will be used for the annual and the Junior-Senior Prom.

Sophomore Class Meeting  
The Sophomores met during sixth period to elect officers with their sponsors: Miss Eva Bryant and Mr. Litchfield. The following officers were elected: President—Ernest Pate, Vice President—D. C. Nelms, Secretary—Bernie Jean Pruitt, Treasurer—Fred Farmer.

Eighth Grade Meets  
The eighth grade met in room 14 Monday and elected the following officers: President—Burry, Vice President—Mac Lynn, Secretary—Jacqueline Miller, Treasurer—Ira Stein. Their sponsors are: Prof. Davidson, Miss Nettie McGehee, and Miss Kathleen Rogers.

Seventh Grade Elects Officers  
The seventh grade, elected the following class officers Monday during sixth period: President—Bobby Kent, Vice President—Patti Ingram, Secretary—Joan Rabin, Sponsors are Mrs. Ruth Langley, Miss Virginia Crawley, and Mr. Payne.

Bronze News  
Friday afternoon the Bromies met at the Scout Hut. Twenty three girls were present, eleven old members, and 12 new who are joining. The new members were taught the Bronze salute, pledge, and some songs. Pike and Alma Ann McClure were their uniforms and explained the correct way to wear their pins, and when and where to wear the uniform.

Mr. Ted Pope was a visitor, and Mrs. J. A. Pike and Mrs. George Appleby are in charge of the troop again this year.

Seniors Elect Officers  
At the recent class meeting of the Seniors, the following officers were elected: Roger Cunningham, president; Helen Friedheim, vice-president; Nancy Crossen, secretary; Albert Stevens, treasurer. Sponsors selected were Miss Sara Diggs, Mrs. Kathleen Roberts, and Coach W. H. Cooke.

WSWN To Broadcast Revival Hour

One of the outstanding Sunday programs to be broadcast by WSWN is the famed "Old Fashioned Revival Hour", brought by transcription from Los Angeles, California, the station's schedule reveals.

The Revival Hour will be heard from 2:00 to 3:00 P. M. each Sunday.

Other special religious broadcasts include regular airing of local church services, and the transcribed service from the Buffalo Baptist Church in Tampa Sunday morning from 8:30 until 9:00.

CARD OF THANKS

We wish to express our sincere appreciation and thanks for the many kindnesses, sympathy and beautiful floral offerings extended us during the illness and death of our husband and father, Charles Ely.

Mrs. C. F. Ely and Children.

10-31

## TELL 'EM - SELL 'EM THROUGH THESE AD COLUMNS

By Betty Lou Powell

From where I sit... by Joe Marsh

"It's Living That Counts"

I stole the title of this column from a magazine article that said a whole lot better than I can what farm and country life can mean. We talk about farm profits, production, research, and mechanical improvements... but isn't it true, what we really value is the life country living offers us?... the real goodness of our country life is that spirit of tolerance, moderation, and good fellowship.

And country pleasures are ample; good talk at day's end, and

## 4-H Poultry Girls In 20 Counties Are Exhibiting Pullets

Two hundred Florida 4-H club girls in 20 counties are this week inaugurating a series of county pullet shows and auction sales indicative of the halfway mark in their special poultry projects started last March.

F. S. Perry, assistant poultryman with the State Agricultural Extension Service, says the girls have raised their pullets from chicks started last March, having applied the best principles of feeding and management. Next spring they will participate in an egg show which will culminate the project.

Sponsored by the Sears, Roebuck Foundation and the State Agricultural Extension Service, the special demonstration is now in its third year. Each spring 10 girls selected by the home demonstration agent in each participating county are supplied with 100 baby chicks each.

The girls brood and rear the growing birds, feed most of the cockerels, cull the pullets which are slow to develop and house the young hens. They vaccinate for chickpox and treat for parasites of necessity.

The local Sears manager launches the program with a luncheon and follows through with luncheons and prize offerings in connection with the pullet and egg shows which follow. As soon as the girls receive sufficient income from their birds they pay for the baby chicks, which were sold to them on credit. Mr. Perry says the girls have been quite successful this year. Their projects have provided nearly 30,000 pounds of poultry meat and more than 180,000 dozen eggs. The poultryman figures that the combined products would make an 11-car train of fine poultry meat and first high quality eggs.

Girls participating in the program this year are in Alachua, Broward, Columbia, Duval, Escambia, Gadsden, Hillsborough, Lake Leon, Manatee, Marion, Orange, Osceola, Palm Beach, Pinellas, Polk, Santa Rosa, Sarasota, Seminole and Volusia counties.

**Chlorate Kills Weeds**  
Broward County farmers have used 120,000 pounds of sodium chlorate this summer to kill Para grass, chomchom weeds and other grasses on irrigation ditch banks, according to County Agent B. E. Lawton. When used as a spray growers mix from three-fourths to one pound of chlorate with a gallon of water. When applied dry, they scattered from three to four pounds per square rod. A number of farmers also have treated miles of irrigation ditches with 2-4-D to eradicate hyacinths.

**Mike Murphy Is Now Vets Re-Employment Committeeman**  
Mike Murphy, Sr., has accepted the appointment of Veterans' Reemployment Committeeman which came through the field supervisor, Harvey Drissoll of the Fla. State Employment Service. Murphy's duties will consist of helping Veterans who are discharged from service and who wish to have their old job back after returning home.

**Dance At Legion Friday**

There will be a dance Friday night after the football game at the Legion Hall according to Sid Smith, house chairman of the American Legion. The time of the dance will be 10:30 and the music will be furnished by the Sugarland Screamers from Clewiston. Admission is \$1.00 per person.

**Blaze Extinguished In Packing House Area**

While repairing the roof of the Pioneer Packing House on Thursday, a tar wagon, which was parked by the telephone pole at the south end of the building, caught on fire and in turn caught the pole on fire. The blaze was put out by Bob Miller of the Sinclair Refining Co., who used a hand fire extinguisher. There was no immediate danger from the fire with the exception that the tar would eventually start peeling off of the wagon and might possibly have done damage to the fuel bulk tank nearby.

**RED CROSS STALL**

Continued from page 1  
entirely on the basis of hurricane or flood-caused needs beyond the family's ability to meet out of its own resources. Applications necessarily are subject to verification, but once funds are granted there is no obligation to repay. The money comes from annual fund campaign collections, part of which are set aside for meeting disaster needs. The Red Cross treats all information about disaster conditions confidentially. Instead of outright grants of money, Bryant explained, and applicants are given orders on merchants or contractors of their own choice.

"Red Cross funds are thus usually kept in the community where the disaster occurred," Bryant pointed out.

Advisory boards made up of local residents, he said, are a valuable asset to Red Cross caseworkers who are thus enabled to make a fairer and frequently approved of applicants' needs. Particularly are advisory committees needed in cases involving grants for such rehabilitation assistance as repairs or outright rebuilding of homes, replacement of household furnishings, approval of expenses for long-term medical care, or purchase of farm machinery and equipment. The disaster director pointed out.

Approximately 2700 families in the 27-county area in Florida are encompassed by Red Cross hurricane disaster operations have applied for some kind of aid as a result of the storm or the resulting floods. Nearly 1,400 of these families live in Palm Beach county.

Red Cross nurses have been visiting each of the 22 personnel hospitalized by storm injuries and have offered Red Cross assistance where needed. In 27-county area, a total of 186 injuries, mostly minor, were storm-caused, Bryant said.

Bryant reported that due to the widespread destruction of the recent hurricane, the number of applications from families wanting aid from the Red Cross is the largest in recent years in Florida. The cost per family, however, will be minor, because few buildings have structural damage, there have been only minor damage to household furnishings in most damaged homes, and roof damage usually has not prevented the family from living in the house until repairs could be made.

The number of applications taken in this area amount to approximately 310, and the needs indicated on the applications consist of clothing, food and roofing for houses that were damaged during the recent hurricane. Quite a few food orders have been issued to people residing in Oklawaha migratory camp. Mrs. Laurel Waddell is in charge of the Red Cross Headquarters in Belle Glade and she may be contacted in the City Hall two or three days a week.

**OVER 3000 TB CASES REPORTED IN FLORIDA**

More than 3,000 cases of tuberculosis have been reported in Florida so far this year, Phil O'Connell, president of the Palm Beach County Tuberculosis and Health Association, revealed Wednesday as he cited records of the State Board of Health. For the week ending Sept. 13, the number reached 3,224, almost four times the total of 830 reported at this time last year.

Mrs. N. N. Stirling is recovering from a major operation at the local hospital.

The second half of the game opened with the Rams kicking to the Tigers on their own 10. The ball was taken by the Tigers and they were nailed there for no gain on the return. The first down brought a line buck for the Rams, but the Tigers cold for no gain on the play. The second play brought a gain of 5 yards, due the hard charging fullback, and the Rams. The Tigers broke loose for a gain of 8 yards on the play, which advanced the ball from the Rams' 10 to the 33. On the fourth play the Tigers gained a pass good for 10 yards, completing the ball on the Rams' 43, which gave them a first down. After attempting a pass first down incomplete on the first down, the Rams gained 10 yards. Rams right end got an 8 yard gain, placing the ball on the Rams' 55. The Tigers again hit the Rams' line hard, and sent them another first down. The Tigers again attempted a pass but fell incomplete on the first down. The second half of the downs were spent sitting.

The Rams' first drive of the game started during the ball on the 29 yard line. The Tigers had possession on the third play, fumbling the ball on their first play. The Rams also fumbled on their first down with Stuart receiving the ball. The Tigers ran the ball up the 28 for a two yard gain and the Rams' defense was again hitting the Rams line but about a yard away from the place playing the ball on the 29 yard line. The Rams fumbled on the next play with Stuart receiving the ball on the 29 yard line. The Rams ran the ball in the next two downs and fumbled on the third with Stuart receiving the ball on the 31. On the first down the Tigers were off side which drew the Rams back to the 26 yard line. In a line back the Tigers gained a yard on the 27 yard line on the 31. The second down showed a gain of 4 yards by the Rams. The ball on the 31 yard line. The third down again found the Tigers of sides which drew another yard from the Rams. The ball on the 29. After the penalty the Tigers elected to punt the ball. The Rams had a 20 yard bump on the Rams 10. The game ended with the Tigers winning 14-0 and the final score was 28 to 0.

The Rams next encounter was with the Los Angeles Memorial Field next Friday night. Game time is 8:15 and the Rams will be on hand for entertainment as usual.

"Silver Springs is probably the best publicized spot in the state. There are over 100 short underwater motion pictures which are constantly being circulated by 16mm film suppliers. Just how many prints of these 100 subjects have been made is not known. 'Lot of motion pictures have been either fully or partially made here with more to be made. The 'Yearling' was partially filmed here and as a visitor travels up and down the river there are remains of sets where Johnny Weismuller made

SOUTH BAY  
BEAN CITY  
LAKE HARBOR

Mr. and Mrs. Tom Bottoms of O'Keefe, Arkansas, Mr. and Mrs. Stanley Bode and Frank Haynes of Ft. Myers were Sunday guests of Mr. and Mrs. Alfred Valdez, Mr. and Mrs. B. M. Fender.

Pfe. Sam Lovell, stationed at San Francisco where he is a member of the 1st Cavalry in the Army Air Corps, is at present visiting his parents in Palooka on furlough. He was a guest of his brother and sister-in-law, Mr. and Mrs. Roy L. Lovell, Monday.

Mr. and Mrs. R. E. Green enroute to their home at Clearwater from Jacksonville, spent the day in South Bay last week and took her mother, Mrs. Laura Green, home with them for a month's visit. While here they were guests at a family reunion dinner with Mr. and Mrs. A. B. Crow, Mr. and Mrs. E. M. Willis, Barbara Jean and Johnny Willis and Mrs. Laura Crow.

Z. F. Crews moved to Orlando the first of the week. The Brown house so vacated will be occupied by Mr. and Mrs. O'Neal Walker.

Miss Irene Dawson of West Palm Beach was in South Bay Saturday inspecting her property and estimating storm damage and necessary repairs.

Mr. and Mrs. James Dean and sons, Mackey and Jimmy and Tommy Dean and Clinton Thompson of Lake Worth took Sunday dinner with their mother, Mrs. Wm. Arrington.

Miss Louise Emery left Tuesday for Lakeland where she will be a student at Southern College this year. Mr. and Mrs. N. T. Taylor, Mrs. H. S. Emery, mother of Miss Emery and Robert Taylor to Lakeland to enter college.

Mrs. O. A. Ward of Ojus was in South Bay on business Monday and visited her brother, C. L. Shaw and wife.

Vance Greer was so unfortunate as to break a bone in his foot at football at the Belle Glade High School recently which will probably keep him out of the line-up for the season.

Mr. and Mrs. Grady L. Miller of West Palm Beach visited relatives in South Bay Sunday.

Pfc. Charles Byrd is visiting his parents Mr. and Mrs. W. G. Byrd. He has just returned from serving with the Army of Occupation in Japan and will be stationed in Orlando at the expiration of his furlough.

Mrs. L. O. Ratley left Thursday on a business trip to Tampa and was scheduled to return the first of the week.

Mr. and Mrs. H. H. Martin and family spent Sunday in Ft. Lauderdale and enjoyed the streets much more rugged than any of the Glades towns.

Mr. and Mrs. R. S. Donaldson left this last week on an extended trip during which they will visit in Washington, D. C., Perryville, Penn., Chicago, Idaho, Portland, Tacoma and Los Angeles. They expect to motor from Perryville to Oregon and return by rail via New Orleans.

T. H. Monk of Miami was a business visitor in the Glades last week.

Ben Shepherd was taken to the Belle Glade Hospital Saturday by Bertold Polka whom he was found to be suffering from a heart ailment.

Mrs. J. C. Bowen and son have returned from a two weeks visit with her mother, Mrs. Marie Mullin at Miami Beach.

L. A. Wertheim of Elysian, Minn., has arrived in South Bay to spend the winter and will assist A. Lamoureux as mechanic at the South Bay Farmer's Supply.

Lake Harbor H. D. C. Will Meet Oct. 10th.

The Lake Harbor Home Demonstration Club will meet on Friday, October 10 at 12 o'clock under direction of Miss Sara Horton, county home demonstration agent. The topic for discussion will be a round table discussion of the Home Demonstration Club. The topic for discussion will be in charge of the program. All women in the community are cordially invited to attend and join the club. There are no dues as the work is a part of the University Extension Service.

South Bay P. T. A. To Meet Next Monday

The South Bay Parent Teacher Association will meet at the school auditorium on Monday, October 6 at 8 P. M., according to announcement of Mrs. W. G. Bowen, president. Plans will be made for the evening. Halloween Carnival which has been an annual affair for a number of years. The program will be presented by the Junior High School pupils under direction of H. S. Emery and Mrs. Mary Horton. The public is invited.

Elsie Ruth Harrell Feted With Bridal Shower

Miss Elsie Ruth Harrell was honored at a bridal shower on Tuesday evening at the home of Miss Norma Jean Armstrong. Miss Juanita Buckles and Mrs. E. E. Dasher were co-hostesses with Miss Armstrong.

A color scheme of pastel green, pink and white was used in the decorations for the event. A Mock Wedding was presented for the entertainment of the guests.

Bill Ferguson played piano selections during the shower and display of gifts and throughout the serving of refreshments. The future bride and bridegroom, Miss Elsie Ruth Harrell and Bill Blackwell, were the three tiered wedding cake under an arch of ferns, orchids and white table roses.

Refreshments consisting of hot salad, cake and punch were served to Mrs. R. L. Barrett, Mrs. D. R. Roberts, Mrs. Frank Prevate, Mrs. O. M. McMillen, Mrs. R. A. Hall, Miss Dot Robertson, Mrs. E. Zwicki, Mrs. S. Zwicki, Mrs. A. Harrell, Mrs. J. Ernest Allen, Miss Beverly Hughes, Mrs. H. M. Prevatt, Mrs. H. Bore, Mrs. Evelyn Harbner, Mrs. T. E. Strickland, Miss Vivian Wingo, Miss Marie L. Scott, Mrs. H. L. Hardy, Miss Bill Ferguson, Mrs. Charles E. Hatcher, Mrs. Edwin Prevate, Mrs. James Grant, Mrs. Herbert Prevatt, Miss Jean Dasher, Miss Florence Bore, Miss Jackie Muttler, Mrs. H. C. Willis, Mrs. F. W. Muttler, Mrs. V. A. Boots, Miss Claudine Chambers, Miss Ingegnie Hester, Miss Marcia Bailey, Mrs. Wayne Elledge, Miss

Monica Berger, Mrs. A. B. Barnes, Mrs. Marvin Miller, Mrs. W. P. Blackwell, Mrs. Jay Smith, Mrs. John L. Evans, Mrs. J. H. Harrell, Mrs. D. C. Kinkadee, Mrs. Helen Prevatt, Mrs. C. A. Armstrong, Miss Joyce Tedder, Mrs. B. L. Williams, Miss Catherine Creed, Mrs. Carl T. Cone, Mrs. Jessie M. Moter, Mrs. J. C. Reynolds, Mrs. Johnnie Chander, Mrs. Robert J. Green, Mrs. Edwin Best.

Waters Electric Company Re-Setting Light Poles

The Earnest Waters Electric Company of Daytona Beach had Cecil R. Stiles, foreman, and a crew of 70 men were in South Bay the first of the week re-setting and straightening all Florida Power & Light Electric poles.

Friday and Saturday they spent in the Lake Harbor area coming to South Bay Sunday. They will straighten or reset all lines in the glades and the high tension line from the Glades to Fort Lauderdale.

Eight fully equipped line trucks were in use by the various crews.

Dike Being Thrown Up As Secondary Protection To South Bay

The South Shore Drainage District, according to Supervisor R. Y. Creech, has the Stirling dragline working just south of the townsite of South Bay opening up a former drainage ditch and throwing up a secondary dike which will be an added protection to the town of South Bay as well as rich farming lands lying within the drainage district.

The reopening of this drainage ditch, Creech emphasized, is merely a precautionary measure taken in case the South Florida Conservancy District main dike on their southern boundary should give way due to pressure from flood waters.

**BIBLE QUESTIONS**  
ANSWERED BY THE  
VOICE OF PROPHECY  
LITERATURE SOCIETY

Question—Was there a church in the world before Christ came to this earth?  
Answer—In Acts 7:38 "the church in the wilderness" is mentioned, and the wilderness wandering of the Israelites was over a thousand years before Christ was born.

Q—How did the Israelites get on in the old times when they had no gospel?  
A—The gospel was taught to them. Hebrews 2:1 "For unto us was the gospel preached, as well as unto them: but the word preached did not profit them, not being mixed with faith, that they heard it."

Q—In what manner do you think Christ will return? Will His coming be real?  
A—It will be real. Acts 1:11 "Ye men of Galilee, why stand ye gazing up into heaven? This same Jesus, which is taken up from you into heaven, shall so come in like manner as ye have seen Him go into heaven."

Q—Where will I find that text, "Cleanliness is next to godliness"?  
A—Not in the Bible. But the Scriptures do say a lot about being clean, both physically and spiritually. Job 27:37 "The righteous also shall hold on to life, and he that hath clean hands shall be stronger and stronger." (See also Isaiah 1:16; 26:24; Psalm 51:13)

Q—How can you harmonize the evil deeds of prominent Bible characters with the inspiration of that Book?  
A—The Bible tells the truth about these men. It does not uphold their evil, but condemns it. The Scriptures picture only one man as sinless, the Lord Jesus Christ. He was "holy, harmless, undefiled, separate from sinners, and made higher than the heavens." Hebrews 7:26.

Q—What difference does it make whether Christ comes soon or a thousand years from now?  
A—Can we be indifferent to Christ's return if we follow His warning found in Matthew 24:42 "Watch therefore: for ye know not what hour your Lord doth come." (See also Luke 12:40)

Q—The Bible tells the truth about these men. It does not uphold their evil, but condemns it. The Scriptures picture only one man as sinless, the Lord Jesus Christ. He was "holy, harmless, undefiled, separate from sinners, and made higher than the heavens." Hebrews 7:26.

Q—The Bible tells the truth about these men. It does not uphold their evil, but condemns it. The Scriptures picture only one man as sinless, the Lord Jesus Christ. He was "holy, harmless, undefiled, separate from sinners, and made higher than the heavens." Hebrews 7:26.

## NEW Gasoline!

POWER-PACKED  
with  
100-OCTANE  
COMPONENTS

The new Sinclair Gasoline is made to give your car the surging power that aviation gasoline gave to war planes.

The same 100-octane gasoline components developed for war have now been blended into the new Sinclair Gasoline. That's why we believe you'll call this new and mighty gasoline the most power-packed fuel your motor has

ever had a chance to use. Stop in today at the Sinclair Dealer and fill up with the NEW Sinclair "H-C" or NEW Sinclair Ebu. You'll find that the higher-octane, quicker-starting, power-packed Sinclair Gasoline makes your car fairly fly.

Look in Sinclair for Better Products—Better Service.

Regional Beer--Jax

JAX, the great regional Drink of Friendship, offers repeated enjoyment, too, because every glass of JAX has the same high quality, mellow goodness and satisfying flavor. JAX is brewed to meet the exacting tastes of the Southeast's lovers of fine foods and fine beverages. Enjoy JAX by itself or as a delightful companion for good food. Every refreshing sip of golden JAX tells you that you can't get better beer, no matter what you pay.

Write for free illustrated booklet telling the story of Jax Beer.
